Market Day

Market Day has been held now for over 65 years. In past years approximately 90 stalls took part with an estimated 10,000 people attending throughout the day. Market Day is held in The Square, which is the heart of the Palmerston North shopping area. Last year 74 stalls took part.

We require as many stalls as possible to register before the 30th September to be able to plan layouts and allocate sites.

Receipts

Receipt swill be supplied with the stall holder information packs approx. 2 weeks before the event.

Size of Site

Our normal size is 5 metres by 4 metres, however we can accommodate a larger size but we need to know your size so we can fit you in. Don't forget to include your guy ropes in your site size.

Power

Power is only available for preapproved Children's rides. **All other stall holders are to provide own power via generators as required.**

Preferred Sites

We try to give last years stallholders the same site as they had last year. It would be helpful if you were able to supply last year's site number.
